ChemoMetec enters Letter of Intent with Roche Diagnostics

ChemoMetec has entered a Letter of Intent with Roche Diagnostics aiming to pursue a collaboration with the goal of creating synergies between the parties' technologies in the field of bioprocess monitoring.

Over the course of 2026 the parties intend to explore and solidify initial ideas of combining the parties' technologies into validated solutions in the field of bioprocess monitoring, starting with developing a connectivity of ChemoMetec's XM30 cell counter with Roche's Cedex Bio Analyzer.
